

What kids are saying

"It was interesting when he talked about how the IP address works and how they test the internet"

"I liked when he talked in different languages"

"He was great and interesting and I really like the type of job he has"

"The most interesting thing is learning about the Aztec Calendar and how it works. It is also cool to know more about Mexico's history and how they were great engineers. I am Mexican myself so it was very cool to learn more about the flag and the Aztec calendar"
